React.js

Webpack

Redux

React Router

NPM

CSS Development tools:

Tailwind css

Bootstrap

EDUCATION

BE. in Mechnaicl Enginnering

Anna university | chennai

- 6.9 CGBA
- 2016 - 2020

PROFILE

I am a React Developer with 1 year of experience, skilled in designing and implementing highly-responsive user interface components using React concepts. I am proficient in translating designs and **wireframes** into high-quality code, and excel in writing application interface code through JavaScript and **ReactJS workflows**. I also specialize in monitoring and maintaining frontend performance and troubleshooting to optimize overall performance.

WORK EXPERIENCE

Web Developer

Xerago E-Biz Services Private Limited

Xerago is a digital impact services enterprise specializing in solving complex marketing challenges through integrated marketing solutions.

Jul '22 - **Present**
chennai

- **Project: CITI Bank**
- Collaborated with team to discuss **user interface** ideas and applications.
- Reviewed application requirements and interface designs for compatibility with existing applications.
- Maintained **reusable** and modular React **components** for consistency and scalability.
- Utilized **state management** libraries like **Redux** or **context API** for efficient data flow.
- Implemented client-side routing with **React Router** for single-page apps.•
- Optimized performance through **lazy loading** and code splitting.•
- Troubleshot and **debugged** complex issues to ensure smooth application functionality.
